Please find below and/or attached an Office communication concerning this application or proceeding.

Commissioner of Patents and Trademarks

The communication, Paper No. 5 filed on September 29, 1997 is non-responsive to the prior Office action because the issue of election of a species in Section 36, Paper No. 2 was not addressed in Paper No. 5. Although the claim was amended from a markush group that included at least one of indoxyl-penicillin, indoxyl-cephalosporin, indoxyl-glycosides and the like, to a markush group that includes moieties selected from the group consisting of indoxyl-lactam, indoxyl-glycosides and the like, it is clear that the indoxyl-lactam group includes both the indoxyl-penicillin and the indoxyl-cephalosporin previously claimed and it is equally clear that the claim still recites a markush group that is essentially the same as the original markush group in that both the original and the newly amended claim recite moieties that are either indoxyl lactam or indoxyl glycosides and thus in order for the response to be complete, election of either the indoxyl-lactam group or the indoxyl glycoside group is required. Since the response appears to be *bona fide*, but through an apparent oversight or inadvertence failed to provide a complete response, applicant is required to complete the response within a time limit of one month from the date of this letter or within the time remaining in the response period of the last Office action, whichever is the longer. NO EXTENSION OF THIS TIME LIMIT MAY BE GRANTED UNDER EITHER 37 C.F.R. § 1.136(a) OR (b) BUT THE PERIOD FOR RESPONSE SET IN THE LAST OFFICE ACTION MAY BE EXTENDED UP TO A MAXIMUM OF SIX MONTHS.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Susan Ungar, PhD whose telephone number is (703) 305-2181.
